

## Parents, has your child...

- Been engaging in disruptive, aggressive, or violent behavior?  
*or*
- Been exposed to violence, whether as a **victim or witness?**

If so, Rafael Hernandez has **free** resources, through the **Project Prevent Grant**, to help your child...

As part of this grant, interested families may request no-cost counseling services provided during the school day by a licensed mental health clinician from Rutgers UBHC.

| Disruptive Behavior May Include                                                                                                                                                                                                                                                                                          | Aggressive/Violent Behavior May Include                                                                                                                                                                                                                                                                                                                                                                            | Exposure to Violence May Include                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
