Dear Parent/Guardian:

Before the rush of the new school year begins, the Jewish Renaissance Medical Center encourages you to register your children for our School-Based Health Center located at our seven sites throughout Newark. Please see the attached flyer for specific site locations.

Access to the medical services we provide has been shown to increase student engagement in schools, academic performance, and improve overall health. Our School-Based Health Center is extremely convenient for parents/guardians. **Once your child is registered, we can provide them with health care without requiring you to miss work or other obligations; or your child having to miss school.** Our services include but are not limited to:

- Annual physicals, sports physicals, immunizations, sick visits, and asthma treatments
- Dental services that include screenings, cleanings, fillings, x-rays, and simple extractions
- Mental health services that include teen counseling, and youth mental wellness

Patients who are uninsured may qualify for Presumptive Eligibility (temporary Medicaid) or Charity Care. Program eligibility is based on your gross household income and household size. We accept most forms of health insurance, including Medicare, NJ FamilyCare, and commercial/private insurance and self-pay.

Please take advantage of these services by first filling out the Registration Form and the Parent Consent Form included in this packet. After the initial visit, we will contact you for additional required information. The completed materials should be returned to Margaret Torres, our Senior Registrar at Quitman School or to the school nearest you. For site addresses, please refer to the attached flyer. We request that parents complete these forms as soon as possible to ensure coverage of their children for the upcoming school year.

Margaret Torres
